50X1

1. The Polish trading firm Polimex is interested in purchasing a complete installation for the production of acetic acid. Detailed sketches and sales bids have already been requested. and similar bids are believed to have been requested also from other firms. construction work on this equipment will begin during the next few months. Unless there are construction difficulties, the completed installation should be ready for delivery before the end of 1955.
2. Director Kolarski (fnu) of Polimex is conducting the business negotiations for the purchase of this equipment.
